Remove Screen Time Passcode

The Apple ID has been removed, please follow the steps below to activate your device

01: After the device restarts, activate it and set it up. When you see this page on the device, click "Unlock with Passcode".

02: Select "Use Device Passcode" and enter the lock screen passcode. After that, you can create a new Apple ID and use all functions on the device.

MDM Bypassed Successfully

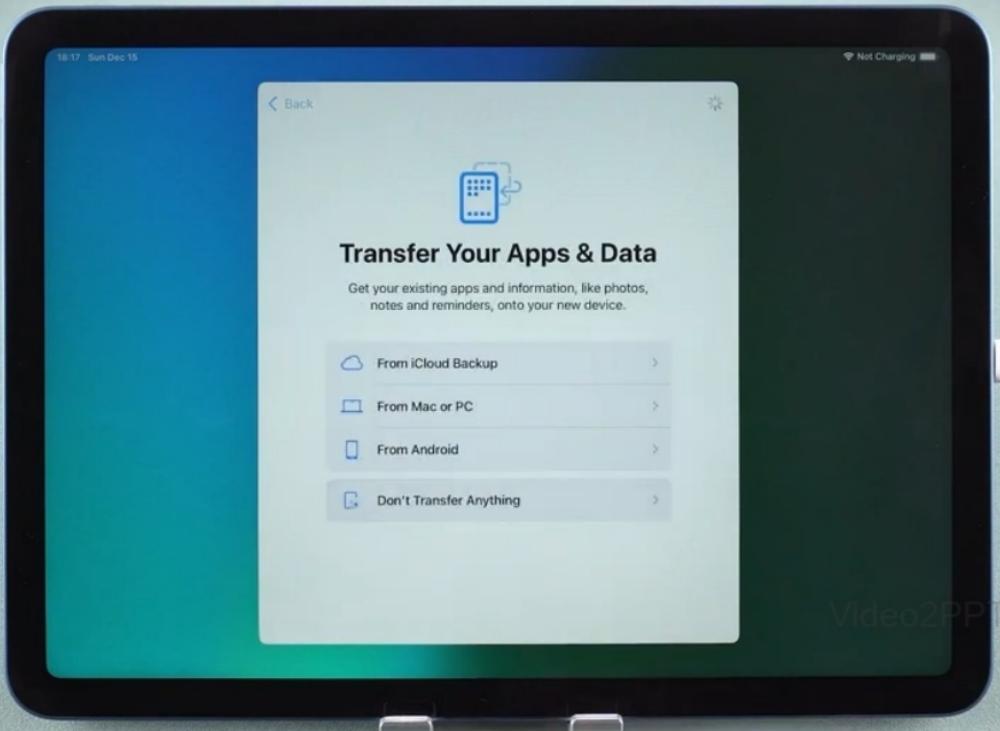

If you like Tenorshare 4uKey, please share it with your friends.

[Done](#)

Notes:

- The backup password on the device has been changed to "a". You can use this password to access the backup file and change the password again.
- If the device is in the "Apps & Data" interface, please do not select "Restore data from iCloud backup", otherwise it will be locked again.
- After resetting the device, MDM will appear again. You can use Tenorshare 4uKey again to remove MDM before the license expires.
- Please avoid upgrading the system. If you need to upgrade the system, please log out of the Apple ID before upgrading.
